New Delhi, India – September 05 , 2010

In order to fulfil it's mission to promote green innovations, aONErgy™ is pleased to announce scrapping of professional fees for national phase PCT patent filing in India for green energy innovations (clean/renewable/alternative energy like solar energy, wind energy, bio-fuels, waste energy etc). The inventor has to pay the Govt fee only and no charges for the professional services of aONErgy™.

The initiative taken by Akhilesh Kumar Gupta, Managing Director, aONErgy™ and President, [Patent Agents Association of India](#) has been named as "Green Innovation Initiative". "We are also trying to formulate a strategy and might offer free additional patent services to individual inventors of green innovations in future", says Mr Gutpa.

For more information, please contact Mr Kamal Rabha (kamal@aonergy.com).

About aONErgy™

The aONErgy™ is an Intellectual Property firm committed to promote green innovations and provides a suite of leading-edge patent, trademark and industrial design services to researchers, lawyers, scientists, and corporates.

About Patent Agents Association of India

The Patent Agents Association of India ("PAAI") is a Non-Governmental Organization (NGO) dedicated to protecting interests of registered Patent Agents in India, simultaneously promoting and enhancing intellectual property rights awareness in India.
